

Puzzling Times

Come Together for the 2nd Annual Meeting

Tuesday, October 20, 2009

5:00 p.m.—7:00 p.m.

Kokomo Event Center (1500 Reed Road)

Special Guest
Speaker:

Morton Marcus

Economist from IU

What does he have to say?

With a relaxed and humorous style, Marcus brings difficult concepts into focus, makes sense of government policies and provides new insights into complex trends. He will take today's headlines and put them into the context of our times. In his hands, economics is not the dismal science, but the art and fun of prospering responsibly.
